

What can  
ONE PERSON do?

A hand-drawn illustration of a bright yellow sun with a thick black outline. The sun is set against a background of light green and yellow wavy lines. The text 'What can' is written in a casual, handwritten font above the sun. The text 'ONE PERSON' is written in a larger, bold, uppercase handwritten font across the middle of the sun. The text 'do?' is written in a casual, handwritten font to the right of the sun. Below the sun, the chemical formula 'CO2' is repeated several times in a handwritten font, with some of the letters overlapping.

My sister assures Larry,  
"No. No. No.  
They are NOT GREEN

# ENVIRO - MENTAL - ISTS.

They sold the SUV because  
they LIKE to **WALK**.  
They don't WANT a car."

Do I look like a  
GREEN-HEADED  
MONSTER?

"What? How can that be?"

"BUT  
THE CITY  
SAYS IT'S  
GREEN!!

THEY SAY  
THEY WANT  
PEOPLE  
TO PLANT  
TREES.  
OH DEAR!

You say we  
can only  
plant  
ONE  
tree?"

This really BOTHERS  
my green conscience!

I said -  
feeling a little  
like ALICE in  
WONDERLAND.

"THIS CAN'T BE  
RIGHT?!

CONCRETE AND  
ASPHALT AND  
INTERLOCK CAUSE  
STORMWATER

RUNOFF INTO  
THE SEWERS.

THIS IS  
TOTALLY  
OPPOSITE  
TO WHAT IS ON  
THE CITY  
WEBSITE.

THIS IS  
ABSURD!

TORONTO CAN'T  
TELL PEOPLE TO  
DAMAGE THE  
ENVIRONMENT.  
I CAN'T DO THIS.

THIS IS WRONG!"

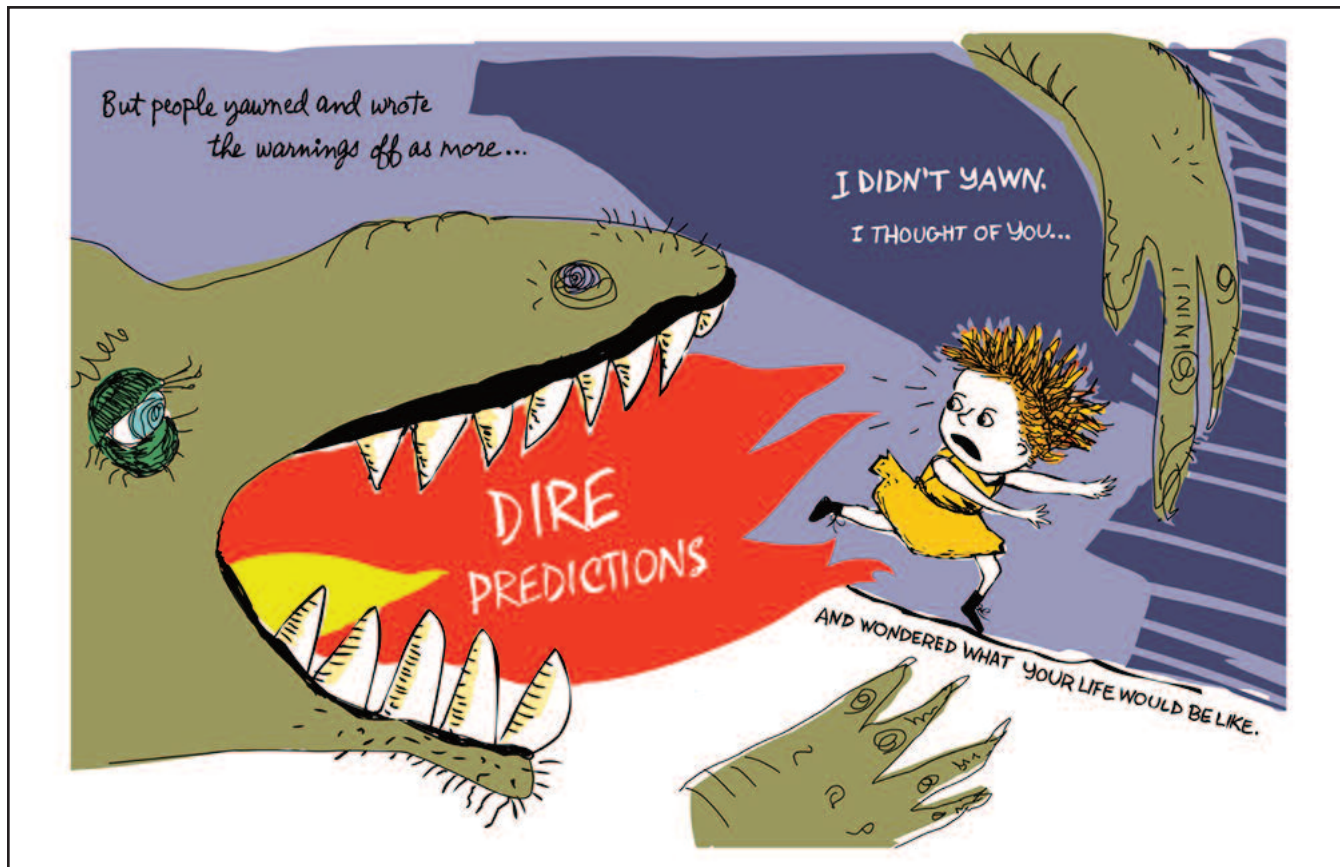

IF PEOPLE CAN BE  
CONVINCED TO  
PICK UP DOG SHIT,  
WHO KNOWS WHAT  
SOCIAL CHANGE  
IS POSSIBLE?

MAN'S BEST FRIEND?

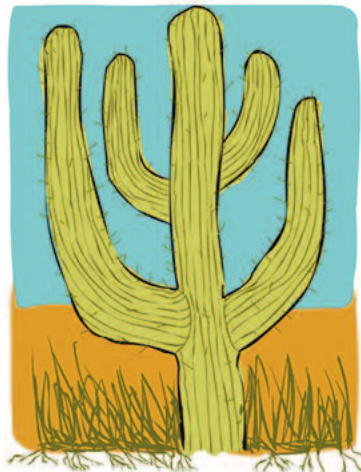

Who Knows What Social Change is Possible?

Predictions for 2020 include  
hotter temperatures and more droughts...

Will cactus replace evergreens  
in your garden?

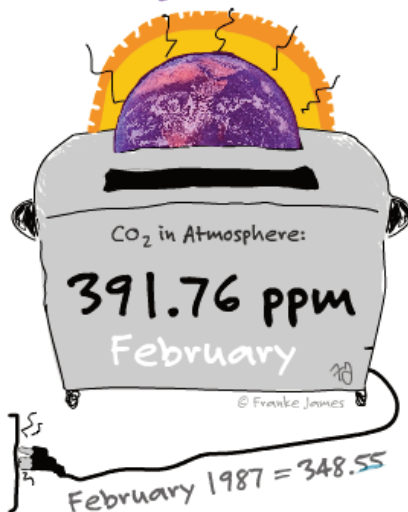

I think about your water being RATIONED...

We're toasting

CO<sub>2</sub> Goal = 350

We're toasting the planet

I see CARS dump  
pollution into the air...

LIKE IT WAS A  
BOTTOMLESS SEWER.

The Sky as a Sewer

We SOLD our SUV.  
And we DON'T miss it.

I will just keep my favorite THINGS.

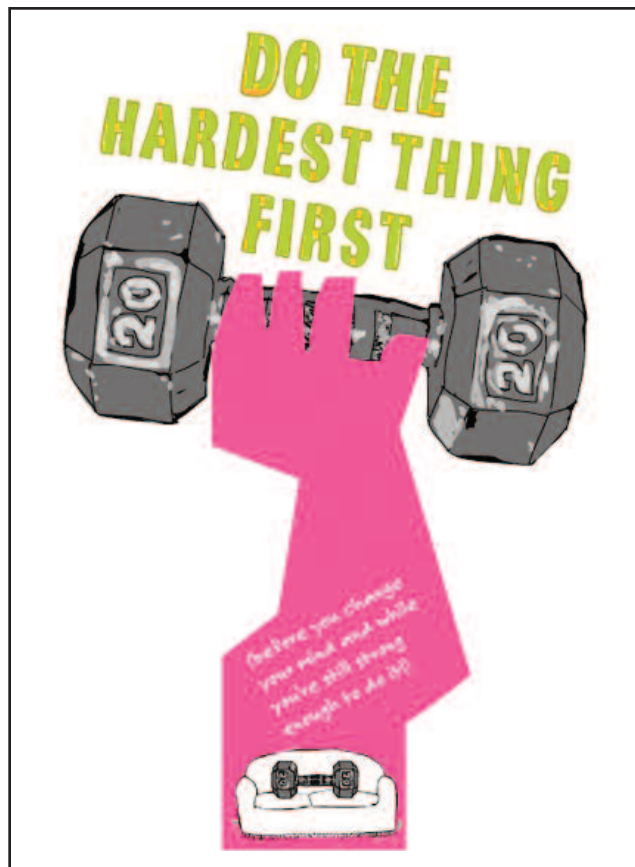

Ocelot coats were ALL the RAGE  
in her day. Now they are both DEAD.

Our Leaders are Loafing

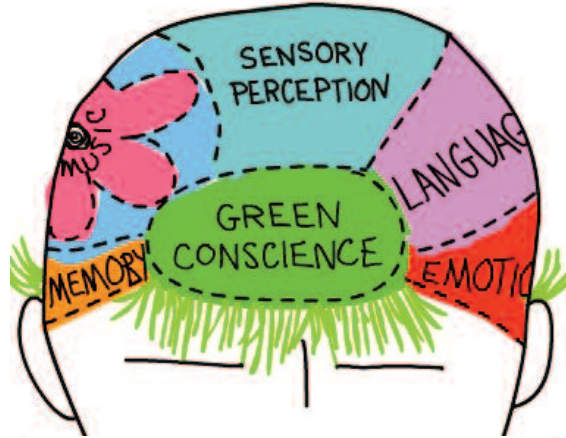

Deepak CHOPRA says  
NOT to WORRY about  
GLOBAL WARMING.

Maybe Deepak REALLY means that WORRY  
is unproductive, so take ACTION??

That Worries Me.

I shake my head.

**N O O N E W I L L K N O W**

except me.

And my conscience.

No One Will Know Except Me

That phrase

**NO ONE WILL KNOW**

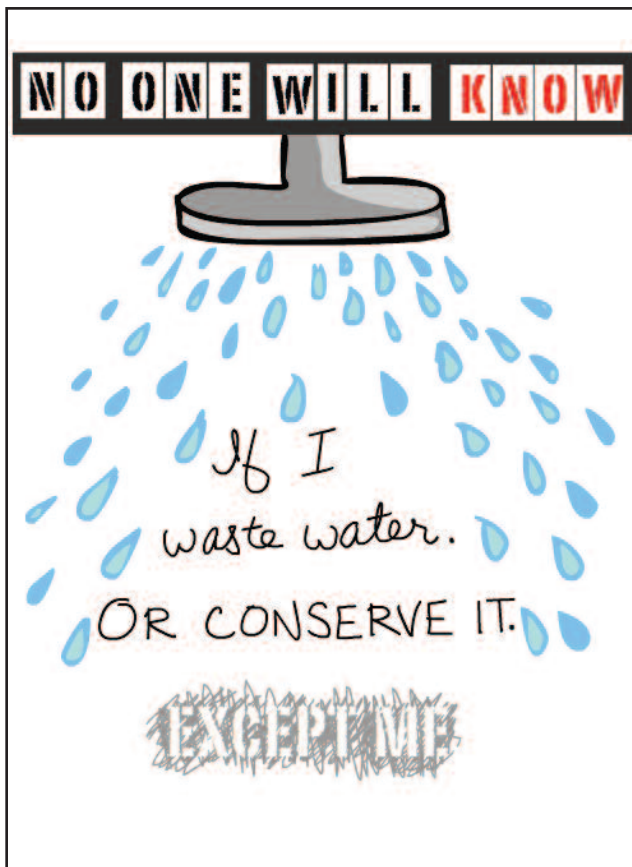

HIT A NERVE.

**SECRET**

Because a small <sup>^</sup>action  
(GOOD OR BAD) that gets  
repeated thousands of  
times can make a  
BIG IMPACT.

No One Will Know Hit a Nerve

No One Will Know if I Waste Water

NO ONE WILL KNOW

If I eat  
imported foods.

OR LOCAL.

EXPERIENCE

No One Will Know if I Eat Imported Foods

NO ONE WILL KNOW

If I raise

in the BACKYARD.

EXPERIENCE

(Well maybe the neighbors will know.)

No One Will Know if I Raise Chickens

*In the midst of writing this down for you,  
I wonder, "What does my family think?"*

*I call up my sister, Mary...*

**"I THINK CLEAN  
WATER WILL BE A BIG  
ISSUE IN 2020."**
